- Dishwasher
- Island unit in kitchen

Atlas Status

For sale at Pearl Lake Country Holiday Park

This pre-owned Atlas Status offers fantastic value for money. It's close to the lake and has a glass fronted deck and side decking with a gate. Inside there's a great kitchen and an ensuite with a bath – plus it sleeps 6!

On entering the Status, you're straight into the kitchen and dining area with a handy cloaks cupboard right by the door. The home is filled with light from the patio doors at the front, flanked by two long length windows and a fanlight over.

The lounge has a large curved sofa (also a sofa bed) which easily sits 5, plus an arm chair. The space has heaps of storage, room for a large TV and there's a slim, electric coal effect fire. The kitchen is really quirky with interesting angles and an island unit with plenty of drawer storage. There's a built in dishwasher, fridge/freezer, microwave, eye level oven and 4 ring gas hob. The dining table sits 4, but the island unit can be used as extra eating seating!

The two bedrooms are both light and bright. The twin room has a wardrobe as well as cupboard storage above the beds. There's a large family shower room with a vanity unit and heated towel rail. The master bedroom has heaps of storage including a double wardrobe with drawers under, a dressing table with large, lit mirror and the ensuite has a full size bath with shower over.
