£47,995

ABI Beverley

At Arrow Bank Country Holiday Park

Some holiday homes don't have the WOW factor but what they can offer instead is something more permanent and that is reassurance.

The Beverley is such a holiday home.

As we move through the space we are comfortable in each and will already be imagining moving in and see ourselves enjoying quality family time or lazy afternoons, entertaining friends or a quiet romantic dinner.

Lots of light and space in the open plan living area, the large patio doors give us that great feeling of being a part of the environment. The living area is great as a social space for all to enjoy.

The twin bedroom is serviced by the family shower room, which leaves the master bedroom with an en-suite bathroom as your own private space - a haven after a long day.
